Economical and productive MFPs for busy workgroups

The Ricoh MP 2001/MP 2001L/MP 2501L support more efficient ways of working. With A3 printing, copying and colour scanning as standard, they do the work of several machines, yet take up a fraction of the space and are more energy-efficient and economical to run. Perfect for busy workgroups, they are also highly productive. Fast print speeds and a rapid first page to print keep work flowing, while multi-tasking prevents bottlenecks. The colour scanner gives you scope to enhance processes further through electronic workflows and paperless archiving. Offering advanced features and economical operation, the Ricoh MP 2001/MP 2001L/MP 2501L are ideal devices for the modern workplace.

Fast and productive

The Ricoh MP 2001/MP 2001L/MP 2501L make light of heavy workloads. They print at up to 25 ppm and produce their first page in just 6.5 seconds. A colour scanner converts paper originals into electronic formats for faster document processing and distribution. From A3 output to digital archiving, these versatile MFPs will enhance the productivity of any workgroup.

Economical and efficient

The MFPs are an economical, space-efficient alternative to single function printers, copiers and scanners. They provide everything a workgroup needs in one compact, shared device. Energy-efficient operation helps you reduce electricity bills and shrink your carbon footprint. The Ricoh MP 2001L and MP 2501L include automatic double-sided printing to save paper.

Intuitive and easy to use

Busy workgroups will welcome the intuitive operation panel and clear 4-line display. All functions are designed to be easy to access for maximum productivity. There is even a designated ID Copy button for copying passports and ID cards. Front access simplifies MFP maintenance and jam clearance.

Versatile functionality

Built-in duplex

Automatic double-sided printing is included as a standard feature (MP 2001L and MP 2501L models). Printing on both sides of the page saves money and cuts carbon emissions. It can reduce the amount of space needed for filing and enables you to project a more professional image. To maximise savings and encourage best practice, make double-sided printing the default setting.

Full colour scanning

High-speed colour scanning (MP 2001L and MP 2501L models) lets you improve document processes and reduce your reliance on paper. Use it to capture everything from expense receipts and correspondence to sales orders and invoices. Share documents digitally for faster workflows and enjoy lower printing and postage costs.

Simple job selection

The Ricoh MP 2001/MP 2001L/MP 2501L are designed for walk-up convenience and efficient operation. Large buttons and a clear four-line display ensure even the most complex operations are simple to execute. The use of different coloured plastics on the MFPs' operating panel, outer casing and built-in output tray adds to their ease of use.

Compact design

The clever cube design is ideal for the smallest offices. Remarkably compact for A3 devices, the MFPs can be placed on a table or desktop. Alternatively, choose a floor-standing configuration with extra paper trays. Front access lets you position the devices exactly where they are needed and enables easy maintenance.

MP 2001/ MP 2001L/ MP 2501L

SPECIFICATIONS

GENERAL

| | |
|--------------------------|--|
| Warm-up time: | 10 seconds |
| First output speed: | 6.5 seconds |
| Continuous output speed: | 20/20/25 pages per minute |
| Memory: | Standard: 16/128/128 MB |
| Dimensions (W x D x H): | 587 x 568 x 430 / 587 x 568 x 430 / 587 x 568 x 528 mm |
| Weight: | 35/37/47 kg |
| Power source: | 220 - 240 V, 50/60 Hz |

PRINTER (MP 2001L, MP 2501L)

| | |
|------------------------|---|
| Printer language: | Standard: GDI |
| Print resolution: | 600 dpi |
| Interface: | Standard: USB 2.0 Option: Ethernet 10 base-T/ 100 base-TX (DDST Unit) |
| Network protocol: | Standard: TCP/IP (IP v4), IPP |
| Windows® environments: | Windows® Vista, Windows® 7, Windows® XP, Server 2003, Windows® Server 2008, Windows® Server 2008R2 |
| UNIX environments: | OPEN SUSE (KDE & Gnome): v12.1 Ubuntu (Gnome): v11.1 Kubuntu (KDE): v11.1 |

COPIER

| | |
|-------------------|--|
| Copying process: | Laser beam scanning and electrophotographic printing |
| Multiple copying: | Up to 99 copies |
| Resolution: | 600 dpi |
| Zoom: | From 50% to 200% |
| Copy features: | Series Copy, Combine Copy, Image Rotation, Electronic Sorting, ID Card Copy |

SCANNER (MP 2001L, MP 2501L)

| | |
|------------------|--|
| Scanning speed: | B/W: 17 originals per minute Colour: 6 originals per minute Maximum: 600 dpi |
| Resolution: | Maximum: 600 dpi |
| Bundled drivers: | TWAIN, SANE, Network TWAIN (Option) |
| Interface: | Standard: USB 2.0 Option: Ethernet 10-base-T/ 100 base-TX (DDST Unit) |

PAPER HANDLING

| | |
|-------------------------|--|
| Paper input capacity: | MP 2001/ MP 2001L: 1x250 sheet tray + 100 sheets bypass MP 2501L: 2x250 sheet tray + 100 sheets bypass Maximum: 1350/ 1350/ 1600 sheets Standard paper tray(s): A3, A4, A5 Bypass tray: A3, A4, A5, A6 |
| Recommended paper size: | Standard: 250 sheets |
| Paper output capacity: | Standard paper tray(s): 60-90 g/m ² Bypass tray: 60-162 g/m ² Duplex: 64-90 g/m ² |
| Paper weight: | |

ECOLOGY

| | |
|--------------------|---|
| Power consumption: | Maximum: 1,550 W Ready mode: 108/105/106 W Sleep mode: 0.6/2.3/2.3 W TEC (Typical Electricity Consumption): 1,090/1,330/1,594 W/h |
|--------------------|---|

OPTION

Platen cover, ARDF, 1 x 500-sheet paper tray, 2 x 500-sheet paper tray,
Network controller (DDST Unit)
