Economic and versatile document output

Productivity, quality and performance

High volume document output

Consistency and controllable costs

Easy-to-use

Document production that scores top marks for speed and efficiency

High speed, low cost printing with user-friendly features

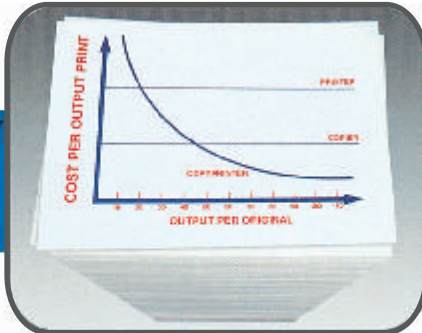

A common commercial challenge for organisations operating in sectors such as education, government and non-profit, is the requirement for high-speed print production at a low, controllable cost. Using digital technology, the DX3240 and DX3443 CopyPrinters from Ricoh have been specifically designed to produce volumes of document output at high quality.

The DX3240 and DX3443 will add flexibility to your document production with versatile paper handling, to deliver a variety of single-sheet output requirements. More print jobs can be accepted, production easily monitored and documents sorted for easy distribution throughout your organisation. Each model is easy-to-use, reliable and maintains productive performance.

Compelling speed and quality make the Gestetner DX3240 and DX3443 the ideal choice for flexible and cost-effective high volume document production within your organisation.

A3
scan

130
ppm

Ricoh's unique approach links people with knowledge and expertise, combining our wide experience of innovative, document-related products and software solutions with our world-class business and professional services, to deliver the best Total Document Solutions for your business.

Scan A3 documents and conveniently reprint to A4 size

Use the simple touch button control panel for high-volume, productive printing

Productivity and performance

Meet tight deadlines with the productive DX3240 and DX3443 CopyPrinters. Both models provide a quick document turnaround, with a fast speed of 130 prints per minute (ppm), allowing high-quality documents such as newsletters, leaflets and forms to be produced quickly and efficiently. For more cost-effective printing, A3 documents such as pages from textbooks or booklets can be scanned via the platen and re-sized to A4. Save time with Class Mode, which produces printed material in class-sized batches ready for immediate distribution.

High-quality and versatile document output

Both models can produce a wide range of documents for a variety of uses including handouts, memos and leaflets. Photographs are printed clearly with fine lines and text reproduced accurately. You can also add the impact of colour to your documents, with optional colour. Drum units are available in a range of standard or bespoke colours. Enjoy user-friendly functionality through the clear and easy-to-use control panel, for productive CopyPrinting at the touch of a button. Print with greater efficiency via the optional printer controller, giving a one-step process of printing direct from your PC.

Effective cost control

Achieving a low cost per page is a crucial part of day-to-day document production. The DX3240 and DX3443 provide controllable running costs for sustained high-volume output, so the more you print, the more you save. The User Code feature will help you stay in control of your organisation's print output by monitoring the usage for easy cost allocation per department. Further cost saving is available with Economy Mode, which allows you to get more output from each ink cartridge and is ideal for printing everyday internal documents such as forms and worksheets.

In harmony with the environment

Our products are designed to be kinder to the environment. We are committed to developing technologies that conserve energy and help prevent global warming. Our aim is to reduce the impact on the global environment, while continuing to enhance user comfort levels. The DX3240 and DX3443 feature reduced power consumption and noise levels offering a better working environment for operators.

Outstanding software and services

Complementing the DX3240 and DX3443, Ricoh offers a superb range of software solutions and services, which are designed to add value and ensure that our devices continue to operate seamlessly and reliably. Covering all aspects of your business, including document management, network control, consultancy, training and unrivalled support, these innovative products and services offer a tailor-made solution to improve productivity, workflow efficiency and cost control throughout your organisation.

Produce wider variety of documents than ever before with the Ricoh DX3240/DX3443. From stationery and announcements to posters and menus, the advanced printing processes and flexibility ensures cost-effective, simple and reliable printing.

SPECIFICATIONS

CopyPrinter DX3240/DX3443
